

(A trading name of 'Rubbish Clearance and Waste Removal Ltd' for our specialist cleaning & sanitising services).

## Covid-19 cleaning & sanitising:

**We are cleaning and sanitising vehicles, commercial industrial and private properties for 'Covid-19 infection prevention and control.**

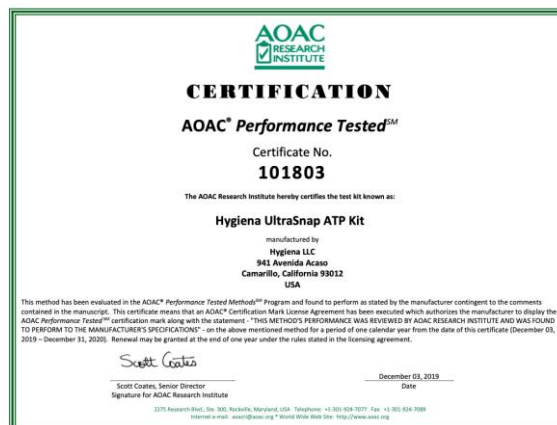

We provide:

- Pre-cleaning and post cleaning swab testing for surface hygiene monitoring.
- Cleaning & sanitising.
- Fogging.

We use the 'Hygiena' UltraSnap ATP Surface Testing swabs together with the Hygiena 'SystemSure Plus' system to collect and log results.

Adenosine triphosphate (**ATP**) is an enzyme that is present in all living cells, and an **ATP monitoring system** can detect the amount of organic matter that remains after cleaning an environmental surface, a medical device or a surgical instrument.

Environment Agency CBDU124815

'Total Trauma Cleaning' is one of several 'Total' Brand trading names for specialist services provided by 'Rubbish Clearance and Waste Removal Ltd'.

**Please consider the following when considering yours or your companies bespoke needs when it comes to specialist cleaning and sanitising services.**

- We can clean and sanitise any property
- Spraying and cleaning is safe for electrical devices.
- Fogging is great for communal areas but poses a risk to electrical devices.
- A combination of spraying & cleaning and fogging can be used.
- Laminated products & notices will be cleaned, paper products may be disposed of in areas of a high likelihood of 'Covid-19' present, unless specifically instructed otherwise.
- Some companies wish to have each and every desk / workstation ATP-tested pre and post cleaning – some prefer to have a representative sample of locations tested.

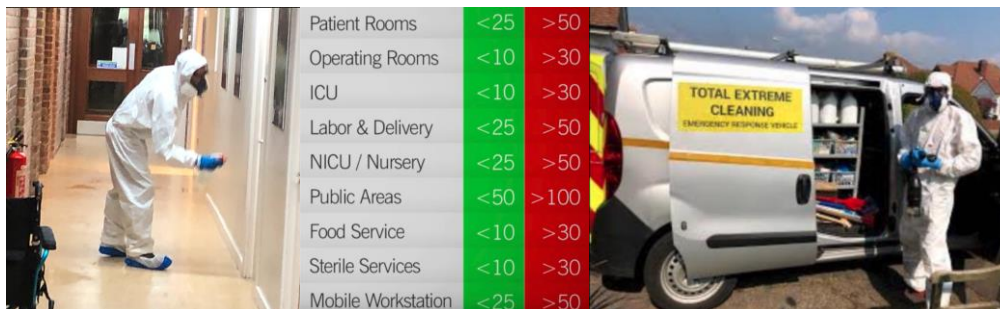

Costs are itemised for ATP Surface testing as required.

Cleaning and sanitising as required.

Fogging as required.

Waste disposal as required.

We aim to undertake each tasking same day or within 24hrs.
