Main Equipment Overview **PPE & Extraction Equipment**

Numatic CRQ370-2 Clean Room Class 100 vacuum

Numatic CRQ370-2 Clean Room Class 100 vacuum cleaner with 12 litre capacity. 1200w Twinflo motor and a 5 stage HEPA filtration design provides a certified operational performance of 100% down to 0.1um particle size. The motor & filter module are housed in an all steel power head & the drum is polypropylene. The CRQ370 meets the Clean Room Class 100 specification that is needed within many specialized operations. Comes c/w A1 Kit which comprises: 1 x 300mm Combination Floor Nozzle 1 x 240mm Crevice Tool 1 x 2.4m Nuflex Threaded Hose 1 x Stainless Steel Tube Bend with Volume Control 2 x Stainless Steel Extension Tube 1 x Double Taper Hose/Tool Adapter 1 x 65mm Soft Dusting Brush 1 x 50mm Upholstery Nozzle 150mm 1 x Slide on Brush for Upholstery Nozzle

Numatic HZ200 Hazardous Dust Vacuum Cleaner

The **HZ200 Hazardous Dust Vacuum Cleaner** (previously the **HZQ200**) is part of the Numatic range of HZ vacuum cleaners that have been specially designed for use in environments where hazardous is present.

The HEPA filter module is mounted in an all-steel container and ensures the vacuum provides an H13 99.95% filtration efficiency, essential when working with hazardous dust to prevent them from becoming airborne.

The HZQ 200-2 features an all steel power head that incorporates full Twinflo' motor and Non-cable plugged cable system.

With a primary pre-filter in this container, the machine is designed to operate with Hepa-flo dust bags (see related items) to ensure the HZQ200-2 can be emptied with ease and safety.

When maintained correctly the HZQ200-22 is ideal for environments such as schools and workshops where asbestos and other hazardous dust may be present.

The Numatic NHL 15 Commercial Extraction Carpet Cleaner

The Numatic NHL 15 Commercial Extraction Carpet Cleaner is an extraction carpet cleaner with a 15 litre capacity that has been designed for commercial use. Although their performance would suggest otherwise, Numatics's CT and CTD machines are effectively wet and dry vacuum cleaners that have been adapted into extraction machines. The NHL 15 is completely different - it has been designed from the ground up to be an extraction cleaner fit for commercial use which has led to the NHL having a number of innovative features. A big problem in both carpet cleaners and [scrubber dryers](#) is foam. As water and cleaning solution is picked up by the machines it turns to foam which sits on top of any water the machine has already collected. As the water level in the machine rises the vacuum draws the foam through the filter which doesn't engage due to the foam being light. Foam then flies straight into the motor which damages it and drastically reduces the motor's life. The NHL 15's domed top prevents that from happening. Solution picked up by the NHL passes up the wand set, hose and into the machine. Inside the machine it is pulled through a pipe and sprayed onto the underside of the lid. The solution then runs down the lid and around the sides of the drum which has an amazing de-foaming effect.

Formula 429 Plus Anti-Microbial - Product Description

"A cleaning product that combines a patented formulation of biocides" (NHS Smart Solutions HCAI2009 Winners) Probably one of the most accomplished Anti-Microbial treatments available, and an utterly fabulous product to use ... "A cleaning product that combines a patented formulation of biocides" (NHS Smart Solutions HCAI2009 Winners) A recent 2010 winner of the "Smart Solutions HCAI" (Health Care-Associated Infections) for infection control.

Formula 429 provides a fabulous product to use, with a very slight foaming action. Lasting and On-Going and Active Protection against re-contamination will be provided for weeks, months, and sometimes years depending on circumstances, environment and use.

Has been independently tested and accredited to provide a Log Kill of 6!!! (That's a millionth reduction!!) (Ref: Bleach with a lesser Log Kill of up to 3).

A Water Based Anti-Microbial with broad spectrum kill and residual control.

Chemspec Formula 429 is suitable for use in the worst flood black water contamination situations. Formula 429 has been designed for, and is ideal for use in decontamination of so many professional, commercial, domestic and specialist use areas, applications, equipment and surroundings;

(E.g. From Hospital Ward de-contamination, to use as the ultimate, day to day, maintenance system in the cleanest of Domestic homes, large or small)

Very pleasant and popular fresh "Forest Fresh" odour, for use in areas where deodorisation is required. EN approved for use as a disinfectant. EN1276, EN13704, EN1650, EN13696 [Common Mis-Spell: Anti-Microbial /Antimicrobial & Deodorisation] A water-based anti-microbial with multi-surface broad spectrum kill and residual control: 4 - 4 Biocides 2 -Instant Kill and Residual Efficacy 9 - Nanoscopic

Level of Activity: Suitable for white to greywater contaminations.

Effective for political micro control of Paeruginosa, E.Coli, S.Aureus, Enterococcus Hirae, Bacillus subtilis, MRSA, C.Difficile, Aspergillus Niger, Listeria, Salmonella, Legionella Pneumophila.

Formula 429 and Formula 429 Plus is increasingly recognised as the most effective way to safely treat blood, body fluid and other contamination as a deodoriser and anti-microbial on carpets, fabrics and hard surfaces. This remarkable product safely achieves the tough objectives associated with the battle against harmful and even dangerous bacteria whilst satisfying the stringent biocidal legislation being implemented in the near future.

The Kärcher SC 3 puts the effective power of steam into a powerful and lightweight package, harnessing the dirt-shifting power of pure steam to deliver amazing deep cleaning results from nothing more than tap water. The SC 3 is ready to use in just 30 seconds, delivering continuous steam to make light work of dirt, limescale and stubborn stains around the home, as well as keeping your hard floors clean and fresh. The SC 3 steam cleaner includes on-board storage for tools and accessories, with all the attachments and brushes you need for cleaning every corner of your home. It's great for removing tough grease from oven doors and hobs, everyday dirt from hard floors, stubborn stains from upholstery and carpets, and even limescale and mould from tiles and taps, leaving your home effortlessly sparkling with no chemicals or scrubbing. The SC 3 includes a hard floor cleaning kit, for effortless deep cleaning of tiled, stone, wood or laminate floors.

3M Reusable Full-Face Mask Respirator, Dark Grey, Large

Reusable full-face mask offers lightweight comfort and ease of use
Unique center adapter to direct exhaled breath and moisture downward, helps reduce debris from depositing in the valve, and allows for quick and easy cleaning
Large lens for wide field of view and excellent visibility

Pest Control

Ficam D (MSDS supplied).

Contains 1.25% bendiocarb

An odourless dust for the control of Ants, Wasps and Hornets (nests), including Asian Hornets. Superior control against wasps, as does not excite the wasps. Formulation allows high penetration into void areas.

PROFESSIONAL USE ONLY

This product can only be used by people who are required to use pesticides as part of their work and who have received appropriate information, instruction and training.

Ficam W™ (MSDS supplied).

Ficam W is a wettable powder recommended for the control of a broad spectrum of crawling and settling insects due to its residual effects. Can be used on for example infestations of cockroaches, ants, fleas, bed bugs, flies, adult mosquitoes, wasps, bees, silverfish and other bristle tails, earwigs, ground beetles, crickets, booklice, carpet pests, stored product pests, woodlice, spiders, centipedes, millipedes, ticks and thrips.

Ficam W can be used both inside and outside; around buildings of both domestic and commercial premises including blocks of flats, hospitals, hotels, restaurants, food factories, warehouses. May also be used on ships and aircraft.

Use in continuously occupied areas as a band/spot or crack and crevice treatment only.

Ficam W can also be used outdoors at refuse tips and sewage works (not for use on sewage works filter beds).
